Attività o settore Business Continuity Operations

DIC. 2013 – OTT. 2014

Information Technologies – Demand Manager – Telco Services
Poste Italiane S.p.A., V.le Europa 175, Rome
I have the following responsibilities:
▪ Program Manager for complex Telco Services delivery, like SP Insourcing
▪ Projecting, dispacing and following new Telco necessities coming from Poste Italiane Organization.
▪ Network upgrading and migration controller.
▪ Disaster Recovery Assistant group

Attività o settore   Telco Services – Voice and IP Data Network

FEB. 2005 – NOV. 2013	**Head of Telecommunication Managed Services for Domestic and International NGN Networks in multivendor environment.**

Italtel S.p.A Via Reiss Romoli, Cascina di Castelletto. Settimo Milanese (MI)

With a team of 70 technicians, I managed the following tasks:

▪ Engineering and Consulting NGN/IMS Networks - For Service Providers, Carriers and Enterprise., Technical project management, network migration, audit and assessment for network optimization, traffic and services evaluation, validation and testing
▪ Managed Services – NOC for multivendor NGN platforms: network surveillance, performance monitoring, claim management, SPoC service for 3 Parties support, spare parts management, IMAC, network and customer provisioning, software tools customization.
▪ Operations - On-site support in O&M activities for network startup or for new services implementation.

Multi-Vendor Technical Assistance - More than 30 of the main carriers all over the world are supported by my organization Revenues - In 2012, 28M€. In 2013, 30M€ expected

Attività o settore   Telco Vendor & Support

GEN. 2002 – GEN. 2005	**Technical Network Director of Voice, IP and Datacenter Networks.**

Elitel S.p.A, Via Mecenate 90, Milan

For Elitel, a new comers on the Telco market, I had the following responsibilities:
–   Head of Operations, Engineering and Planning
–   Setup of the NOC.
–   Migration all the "regional.com" to a single manageable network architecture.

Attività o settore   Telco Service Provider

SET.1999 – DIC. 2004	**Head of Engineering.**

Lombardiacom S.p.A, Via Mecenate 90, Milan

For Lombardiacom, a new Regional Service Provider, I had the responsibility   to build up a new network from scratch. I was responsible for the definition of all technical specifications required to realize the new telecommunication network based on Ericsson technology.

Attività o settore   Telco Service Provider

GEN.1998 – AGO. 1999	**Validation and Operation responsible.**

9 Telecoms Enterprises, Boulogne Billancourt Paris, France

I went to France to follow 9 Telecoms Enterprises, a Telecom Italia network startup operating as new alternative Wholesale Operator outside Italy.
Network platform was based on Ericsson technology and I spent 9 months in Paris for testing and certifying all the interconnection scenarios to put in service the new network

Attività o settore   Telecom Italia International Telecommunication Department

MAG.1981 – DIC. 1997	Validation and Operation acitvities.

SIP – Telecom Italia S.p.A., Via Pirelli 35, Milan

In my long experience in Telecom Italia, I attended at the following activities/projects:
– *Feb 1996 - Jan1998: Standardization Task Force. Rules for Pops data base creation and evolution*
– *Mar 1995 - Jan1996: Telco Vendors Interface in Milan area*
– *Jan 1994 - Dec1995 : Milan Operation Network*
– *Jan 1991 - Jan1994 : Intelligent Network Project at AT&T Bell Labs in Naperville (Chicago, US).*
– *May 1981- Dec 1990: Maintenance operator for first digital TDM network*
More details are available in the annex1 "Professional Experiences".

Attività o settore   Telecommunication
